BUILDING EUROPE THROUGH NO FORMAL EDUCATION 6 months EVS project

CEE ...WHO WE ARE

The Centre d'Estudis de l'Esplai (CEE) is a no profit organization in the field of no formal education and leisure time working at regional level.

It was established in 1979 by a group of teachers of formal education but with a lot of experience as youth workers. They wanted to give an answer to the needs of no formal education and to empower and to train youth leaders, youth workers and educators for leisure time activities. It is the second organization registered at Regional office as Training School for leisure time activities in Balearic islands.

CEE organizes leisure time activities for young people and children, green camps, summer schools, work camps, after schools activities, events and conferences. It runs a youth center for two municipalities: one in Esporles and one in Puigpunyent and it offers a ludoteque (playcenter) for children.

During the year it also provides several training activities such as "Course for animator of leisure time activities" or "Course for Director of leisure time activities", as well as thematic workshops. CEE has an important experience in the field of international mobility projects. It took part from the beginning in the Eurpean programmes for youth: Youth, Youth in Action and now Erasmus+ organizing seminars, training courses, job shadowing atc..

The aim- targets of the activities are young people and children.
